

NFL TEAMS HAVE ENHANCED PUBLIC SAFETY AND IMPROVED STADIUM ACCESS FOR FANS

To provide a safer environment for the public and significantly expedite fan entry into stadiums, NFL teams have implemented an NFL policy that limits the size and type of bags that may be brought into stadiums. Exceptions to this policy will be made for all medically necessary items after proper inspection.

In addition to these guidelines, fans are encouraged to visit individual NFL team websites prior to attending games for specific stadium information.

The NFL strongly encourages fans to not bring any type of bags, but fans will be able to carry the following style and size bag, package, or container at stadium plaza areas, stadium gates, or when approaching queue lines of fans awaiting entry into the stadium:

- Bags that are clear plastic, vinyl or PVC and do not exceed 12" x 6" x 12." (Official NFL team logo clear plastic tote bags are available through club merchandise outlets or at nflshop.com. No buckles, grommets/hardware or décor can be concealing any part of the bag. The bag literally must be all clear) or
- One-gallon clear plastic freezer bag (Ziploc bag or similar).
- Small clutch bags, approximately the size of a hand, with or without a handle or strap can be taken into the stadium with one of the clear plastic bag options.

Prohibited items include, but are not limited to: purses larger than a clutch bag, coolers, briefcases, backpacks, fanny packs, diaper bags, cinch bags, seat cushions, luggage of any kind, computer bags and camera bags or any bag larger than the permissible size.

For more information, go to www.nfl.com/allclear.

Fans will continue to be able to enjoy their tailgate activities in the parking lots and to do so with greater safety and the knowledge that their entry into the stadium will be smoother and faster. They also will continue to be able to carry items allowed into the stadium, such as binoculars, cameras, and smart phones.

In recent years the NFL has enhanced its already comprehensive safety plans with the additional measures such as pat downs, bag checks and metal detectors.

"Our fans deserve to be in a safe and secure environment," said Jeffrey Miller, NFL vice president and chief security officer. "Public safety is our top priority. This will make the job of checking items much more efficient and effective. We will be able to deliver a better and quicker experience at the gates and also provide a safer environment. We appreciate our fans' cooperation." This public safety measure is being successfully used at other large venues.

Working personnel, including media, will continue to enter NFL stadiums through designated gates where they will be subject to screening and bag inspections already in effect at all stadiums.
