**NO PURCHASE NECESSARY TO ENTER OR WIN.  
A PURCHASE DOES NOT IMPROVE YOUR CHANCES OF WINNING.**

**THIS COMPETITION IS GOVERNED EXCLUSIVELY BY THE LAWS OF THE UNITED STATES.**

**Please read these rules before entering the Competition. Participation in this Competition constitutes each Participant's full and unconditional agreement to and acceptance of these Official Rules and represents that the Participant satisfies all of the eligibility requirements set forth below.**

The second theme, entitled “**NFL Computer Vision Competition**” (the “**Data Science Theme**”), is a data science competition whose winners will be selected prior to the Pitch-Off and may be given the opportunity to appear on the pre-recorded event. Descriptions of the two themes are below:

- 1. Pitch-Off Theme – Innovations to Advance Player Health and Safety**
- 2. Data Science Theme – NFL Computer Vision Competition**

- 2. ELIGIBILITY:** To be eligible to enter the Competition, each Participating Person entering the Competition must be:

The Sponsor and Named Partners reserve the right to award alternative prizes where needed to comply with local laws.

If any Participating Person is entering as a representative of a company, educational institution or other legal entity, or on behalf of his or her employer, these rules are binding on such Participating Person, individually, and the entity such person represents or are an employee of. If any Participating Person is acting within the scope of his or her

employment, as an employee, contractor, or agent of another party, such Participating Person warrants that such party has full knowledge of his or her actions and has consented thereto, including his or her potential receipt of a prize. Such Participating Person further warrants that his or her actions do not violate his or her employer's or entity's policies and procedures.

Employees of the Sponsor, Named Partners, the Administrators or any person involved in the production, development, implementation or handling of the Competition, any agents acting for or on behalf of the above entities, their respective parent companies, officers, directors, subsidiaries, affiliates (including, in the case of the NFL, the NFL's member professional football clubs), licensees, sponsors, service providers, prize suppliers or any other person or entity associated with the Competition (collectively, including the Sponsor, the Named Partners and Administrators, the "**Sponsor-Related Persons**") and/or the immediate family (spouse, parents, siblings and children) and household members (whether related or not) of each such employee, are eligible to enter and participate in the Competition but are not eligible to win any prizes; *provided* that, employees of (or, for the avoidance of doubt, students at) Duke are eligible to win prizes in the Data Science Theme and employees of Kaggle are eligible to win prizes in the Pitch-Off Theme.

*Applicable only to the Pitch-Off Themes:*

The Pitch-Off Theme is open to early-stage companies (i.e., pre-A round or A round) with a tested, functional prototype in production or very close to being in production that can be demonstrated to the Pitch-Off Judges. Each eligible company that enters the Pitch-Off Theme will be referred to herein as a "**Pitch-Off Entity**."

No more than two (2) individuals may represent a Pitch-Off Entity in the Pitch-Off portion of the Pitch-Off Theme (each such representative, a "**Pitch-Off Individual**").

*Applicable only to the Data Science Theme:*

The Data Science Theme is open to teams of one (1) or more, but not in excess of five (5), data scientists or researchers (each such scientist or researcher, a "**Data Science Individual**"; together with the Pitch-Off Individuals, the "**Participating Persons**"), *provided, however*, that each Data Science Individual may join or form only one team. Each team that enters the Data Science Theme will be referred to herein as a "**Data Science Team**" (together with the Pitch-Off Entities and the Participating Persons, the "**Participants**"). Each Data Science Team must be a single registered account holder at Kaggle.com. Any Data Science Individual must register individually for the Data Science Theme before joining a Data Science Team. Such individual must make his or her registration official by accepting the Official Rules on Kaggle through his or her Kaggle account. Data Science Team mergers shall be permitted *provided* that, (i) such Combined Data Science Team does not exceed the maximum number of five (5) Data Science Individuals, (ii) the maximum aggregate number of submissions allowed by the Combined Data Science Team as of the merger date is the number of allowable submissions per day multiplied by the number of calendar days starting from November 16, 2020 until the date of such merger, and the aggregate number of Submissions made by all of the Data Science Team members does not exceed that amount, (iii) the merger is completed by no later than 11:59 PM UTC on December 28, 2020, and (iv) the proposed Combined Data Science Team otherwise meets all of the requirements set forth in these Official Rules.

Any Participating Person may participate in only one Pitch-Off Entity. A Pitch-Off Individual may participate in a (or multiple) Data Science Team(s) but may only win once. In the event that any Participating Person participates in more than one potential winning team, the Sponsor and Named Partners may determine, in their sole discretion, which of the affected potential winning team would be named a winner.

The Sponsor and Named Partners reserve the right to verify eligibility and to adjudicate on any dispute at any time. If any Participant provides any false information relating to the Competition concerning his, her or its, as applicable, identity, residency, mailing address, telephone number, email address, ownership of right, or information required for entering the Competition, such Participant may be immediately disqualified from the Competition. If a Competition winner is subsequently discovered to be ineligible, the Sponsor and Named Partners reserve the right to forfeit/reclaim any Competition prizes at their discretion, and confer the same on such other Participant as may be selected by the Sponsor and Named Partners in their sole discretion.

For the avoidance of doubt, Kaggle has no role in the Pitch-Off Theme.

- 4. AGREEMENT TO OFFICIAL RULES:** Each Participant should read these Official Rules carefully before entry to ensure that such Participant understands and agrees. Participation in the Competition will require each Participant to accept, prior to submission, these Official Rules, which constitutes each Participant’s full and unconditional agreement to and acceptance of these Official Rules and the decisions of the Sponsor and Named Partners, which are final and binding. Winning a prize is contingent upon fulfilling all requirements set forth herein, including agreeing to the Additional Rules (defined below). The Sponsor and Named Partners reserve the right to take any actions necessary to verify a Participant’s compliance with these Official Rules before awarding a prize, including, without limitation, engaging a third party to evaluate the Submission and/or requiring a Participant to provide evidence of permission to use certain third-party materials. Even though a Participant may be announced as a winner, if any such Participant’s compliance with these Official Rules cannot be verified to the Sponsor’s or Named Partners’ satisfaction, the Participant will be disqualified, and, time permitting, an alternate winner will be selected.

Each Participant acknowledges that other Participants from other entities or teams may have used ideas and/or concepts in their Submission that may be similar in idea or concept to what is included in such Participant's Submission. Each Participant understands and agrees that he, she or it, as applicable, will not have any claim against any other Participant, the Sponsor, any Named Partner or Administrator arising out any such similarity or be entitled to any compensation because of any such similarity.

## 6. SELECTION OF FINALISTS & WINNERS:

### *Applicable only to the Pitch-Off Themes:*

Up to four (4) Pitch-Off Entities will be selected (the “**Pitch-Off Finalists**”) to compete at the Pitch-Off. Pitch-Off Finalists invited to attend the Pitch-Off will be chosen from among the Pitch-Off Submissions by the Sponsor, the Named Partners and Administrator and their respective representatives or agents based on which entries best meet the criteria below (the “**Pitch-Off Judging Criteria**”):

- **Innovations to advance athlete health and safety:** The winner will be chosen based on the judges' assessment of which innovation would most likely advance athlete health and safety.

Potential finalists will be notified via email on or about January 8, 2021. If a potential finalist does not respond to the notification attempt within twenty-four (24) hours, then such potential finalist may be disqualified, and an alternate potential finalist will be selected from among all eligible entries received.

Each Pitch-Off Finalist's Pitch-Off Individuals will pitch their product or service for five (5) minutes (“**Pitch-Off Presentation**”). Such Pitch-Off Presentations will be presented or submitted to a panel of independent judges (the “**Pitch-Off Judges**”) and will be followed by a Q&A session with the Pitch-Off Judges (the “**Pitch-Off**”). Sponsor and Named Partners will, in their sole discretion, determine whether all Pitch-Off Presentations and the Q&A sessions will be submitted as either pre-recorded videos and/or live-streamed videos presented to the Pitch-Off Judges. The Pitch-Off Judges will select two winners (the grand prize winner, the “**Pitch-Off Grand Prize Winner**”; the second prize winner, the “**Pitch-Off Second Prize Winner**”). Subject to the Sponsor's and Named Partners' determination, the Pitch-Off Presentations must be either submitted or will be presented to the Pitch-Off Judges via live-stream on or about January 22, 2021.

The Pitch-Off will be judged under the Pitch-Off Judging Criteria set forth above and possible additional criteria which may be provided in the Additional Rules (defined below) to all of the Pitch-Off Finalists. Winning teams will be notified either at the conclusion of the Pitch-Off on or about January 22, 2021, or will be later notified by email.

*Applicable only to the Data Science Theme:*

Up to five (5) Data Science Teams will be selected as winners (collectively, the “**Data Science Winners**”). All Data Science Winners may have the opportunity to appear on the virtual event and present their winning entries either, at the Sponsor’s and Named Partners’ sole discretion, through a pre-recorded video or interview, or via a live-stream video that may be recorded and aired at a later date as part of the virtual event. One (1) Data Science Winner will be named grand prize winners (the “**Data Science Grand Prize Winner**”), one (1) Data Science Winner will be named second prize winner (the “**Data Science Second Prize Winner**”), one (1) Data Science Winner will be named second prize winner (the “**Data Science Third Prize Winner**”), one (1) Data Science Winner will be named second prize winner (the “**Data Science Fourth Prize Winner**”) and one (1) Data Science Winner will be named second prize winner (the “**Data Science Fifth Prize Winner**”) as part of the virtual event.

Each Data Science Theme Submission will be scored and ranked by the evaluation metric stated on the Data Science Site. During the Competition, the current ranking will be visible on the Data Science Site's public leaderboard. The Data Science Theme potential winner(s) are determined solely by the leaderboard ranking on the private leaderboard, subject to compliance with these Official Rules. The public leaderboard will be based on the public test set and the private leaderboard will be based on the private test set.

In the event of a tie for any Data Science Theme Submissions, the Submission that was entered first to the Data Science Theme will be the winner. In the event a potential Data Science Winner is disqualified for any reason, the Submission that received the next highest score rank will be chosen as the potential winner with respect to the Data Science Theme.

A disqualified Data Science Theme Participant may be removed from the leaderboards, at Kaggle’s sole discretion. If a Participant in the Data Science Theme is removed from such leaderboard, additional winning features associated with the Kaggle platform, for example, Kaggle points or medals, may also not be rewarded.

Potential winners will be notified by email. If a potential winner does not respond to the notification attempt within twenty-four (24) hours, then such potential winner may be disqualified, and an alternate potential winner will be selected from among all eligible entries received.

The final winner’s list will be publicly displayed at Kaggle.com.

As a condition to being awarded a prize in the Data Science Theme, each Data Science Winner must fulfill the following obligations:

- (i) Deliver to the Sponsor and Named Partners the final model's software code as used to generate the winning Submission and associated documentation. The delivered software code should follow the document guidelines set forth on <https://www.kaggle.com/WinningModelDocumentationGuidelines>, must be capable of generating the winning Submission, and contain a description of resources required to build and/or run the executable code successfully. If the final model’s software code includes generally commercially available software that is not owned by such Participant but that can be procured by the Sponsor and Named Partners without undue expense, then instead of delivering the code for that software to the Sponsor and Named Partners, must identify that software, method for procuring it, and any parameters or other information necessary to replicate the winning Submission.

- (ii) Grant to the Sponsor and Named Partners the license to the winning Submission, in accordance with Section 10 of these Official Rules.
- (iii) Sign and return all price acceptance documents as may be required by the Sponsor, the Named Partners or Kaggle, including, without limitation, eligibility certifications, licenses, releases and other agreements required by these Official Rules. Such price acceptance documents must be returned to the Sponsor, the Named Partners or Kaggle within two (2) weeks following notification of such required documents, or such potential Data Science Winner will be deemed to have forfeited the prize and another potential Data Science Winner will be selected.

The Sponsor and Named Partners reserve the right to disqualify any Participant from the Competition if the Sponsor or Named Partners reasonably believe that the Participant has attempted to undermine the legitimate operation of the Competition by cheating, deception, or other unfair playing practices or abuses, threatens or harasses any other Participants, Sponsor, Named Partners or Administrators.

Any potential winner or, in the case of the Pitch-Off Theme, any Pitch-Off Finalist may decline to be nominated as a Competition winner by notifying the Sponsor and Named Partners directly within one (1) week after the passing of the applicable Competition Deadline, in which case the potential winner forgoes any prize or other features associated with winning the Competition. The Sponsor and Named Partners may disqualify a Participant who so declines its winner status.

The Pitch-Off will be a pre-recorded event which will air on a later date. Each Participant agrees that the identity of each Pitch-Off Finalist, and the results of the Pitch-Off, including the identities of the Pitch-Off Grand Prize Winner, the Pitch-Off Second Prize Winner and the Data Science Winners, shall be held strictly confidential, and Participants shall not be permitted to provide or communicate such information (or any part thereof) to any other person or entity without the express prior written consent of the NFL or, if earlier, at such time as such information is made generally available to the public by the Sponsor, the Named Partners or Administrators.

The Pitch-Off Grand Prize Winner will receive \$50,000 in cash. The Pitch-Off Second Prize Winner will receive \$25,000 in cash. Additional prizes may be awarded to the Pitch-Off Grand Prize Winner and the Pitch-Off Second Prize Winner at the Sponsor and Named Partner's sole discretion.

TO THE EXTENT PERMITTED BY LAW, ALL TAXES IMPOSED ON PRIZES ARE THE SOLE RESPONSIBILITY OF THE WINNERS. Refusal by any Entrant to submit such documentation or complete any required forms or obligations will result in such winner forfeiting the prize, leaving it unclaimed.

8. **JUDGES' DECISIONS FINAL:** Decisions of Sponsor, Named Partners, Administrators, the Pitch-Off Judges and/or their respective representatives and agents (collectively, the “**Judging Personnel**”) are final and binding on all matters relating to this Competition. All Participants hereby release the Judging Personnel and the Sponsor-Related Persons from any and all liability regarding those decisions. The Judging Personnel reserve the right to select fewer than the stated number of finalists or winners in the event an insufficient number of entries are received that meet the minimum judging criteria.
9. **PARTICIPATION:** Up to two (2) Pitch-Off Individuals from each Pitch-Off Finalist and two (2) Data Science Individuals from each Data Science Winner will be invited to participate in the virtual event (if any Participating Person that is participating in the Pitch-Off is not a Participating Person that agreed to these Official Rules at the Submission stage, then such Participating Person will be required to also agree to the Official Rules) (such Pitch-Off Individuals and Data Science Individuals participating in the virtual event the “**Invited Participants**”). The Invited Participants will all participate remotely. The Invited Participants will make themselves reasonably available for purposes of coaching, preparation and/or remote recording or live-streaming for the virtual event.

The Invited Participants will be subject to an additional set of rules that may be provided to all such Invited Participants at a later date, which may include, among other things, codes of conduct and rules governing participation in the virtual event (the “**Additional Rules**”). Continuing participation in the Competition and the related virtual event by an Invited Participant constitutes such Invited Participant’s full and unconditional agreement to, and acceptance of, the Additional Rules (which are incorporated herein by reference). If any Invited Participant does not wish to be bound by such Additional Rules, such Invited Participant must notify the Sponsor and Named Partners directly within three (3) days following the date upon which the Additional Rules were made available to such Invited Participant, in which case the Invited Participant foregoes the opportunity to participate in the Competition, the related virtual event and any prizes or other features associated with winning the Competition. The Sponsor and Named Partners may disqualify any Invited Participant who fails to comply with the Additional Rules.

Finalists/winners are responsible for any federal, state and local taxes and fees associated with receipt or use of a prize.

**ADDITIONAL DOCUMENTS / CONSENT:** Except where prohibited, each Pitch-Off Finalist and Data Science Winner and their respective Participating Persons will be required to sign and return to the Sponsor and Named Partners, by a deadline to be determined, a declaration of eligibility, liability/publicity release, U.S. tax forms (such as IRS Form W-9 if U.S. resident, IRS Form W-8BEN if foreign resident, or future equivalents), licenses, releases and other agreements required under Section 9 of these Official Rules, and additional documents that may be required by the Sponsor and Named Partners in order to proceed in the Competition. Failure to return required documents as specified will result in disqualification. The declaration of eligibility, and the acceptance of any prize, will also include consent to use each Participant’s name and likeness for editorial, advertising, and publicity purposes without additional compensation, except where prohibited by law.

## 10. INTELLECTUAL PROPERTY:

All patent, copyright and trademark rights (collectively, “**Intellectual Property Rights**”) belonging to any person (e.g., a Pitch-Off Entity, a Data Science Team, Administrator, Sponsor or a Named Partner) prior to the Competition will remain vested in that person. Subject to the license created in the subsection entitled “Applicable only to the Data Science Theme” below with respect to the Data Science Winners, any Intellectual Property Rights created or otherwise developed by a Participant during the course of the Competition will vest in such Participant. Any Intellectual Property Rights created or otherwise developed by the Sponsor or a Named Partner during the course

of the Competition will vest in such Sponsor or Named Partner, as applicable. Each Participant represents and warrants that the products and services discussed in its Submission are and will be the original work of and solely owned by Pitch-Off Entity or Data Science Team, as applicable, or, if a part of those products and services are not original to or solely owned by such Pitch-Off Entity or Data Science Team, as applicable, then the Participants have all necessary rights and licenses from any third party in order to incorporate such part into the products and services discussed in the Submission and as otherwise contemplated in these Official Rules. Further, each Participant represents and warrants that neither the Submission, nor any products or services discussed in the Submission, infringe or misappropriate any Intellectual Property Rights or other rights of third parties.

Each Participant acknowledges that the Sponsor's and Named Partners' consideration of the Submission is not an admission by the Sponsor and Named Partners of the novelty, propriety, originality or value of the Submission and/or application, or the products or services discussed in the Submission. Each Participant further acknowledges that the Sponsor or Named Partners may be creating, have previously created or may in the future independently create, or already may have received or in the future may receive from another third party, products, services, projects, ideas, designs and other materials that are substantially similar, identical, or otherwise related to the products or services discussed in the Submission, which the Sponsor or Named Partners may use for any purpose without any liability or compensation to any Participant. Each Participant further acknowledges that due to the nature of this Competition, there is a possibility that similar products or services may be submitted by multiple Participants. Any similarity between products or services will in no way entitle any Participant to any consideration or compensation from the Sponsor or Named Partners, including in the event a product or service similar or identical to Participant's is selected as a winner or finalist. By entering the Competition and submitting an application, each Participant specifically acknowledges this possibility and agrees to the terms stated in these Official Rules. The Sponsor and Named Partners are further under no obligation of any kind to any Participant unless such obligations are specifically undertaken pursuant to a written agreement fully executed by one or multiple Participant(s), on the one hand, and the applicable Sponsor or Named Partner(s), on the other hand. For clarity, nothing in these Official Rules restricts the Sponsor or the Named Partners from using, disclosing, publishing or otherwise exploiting any ideas, suggestions or feedback provided by any Participant during the Competition for any legitimate business purpose. Each Participant further acknowledges that all products, services and other materials disclosed by any Participant during the course of the Competition are submitted on a non-confidential basis, and that the Sponsor and Named Partners will have no obligation to not disclose those items or to otherwise treat those items as confidential. Solely in the case of Participants who are not Data Science Winners, if the Sponsor or one or multiple Named Partner(s) is (are) interested in licensing or acquiring any Intellectual Property Rights or other interests in the products or services discussed in an Submission, the applicable Participant(s) will negotiate in good faith with such Sponsor or Named Partner(s) to provide such license or other interest (individually and together with other contributors, as applicable). Except pursuant to a separate written agreement with the Sponsor or one or multiple Named Partner(s), no Participant may use any trademark, brand, logo or other corporate identifier of such Sponsor, Named Partner or any of the Sponsor's or Named Partners' related entities (including, in the case of the NFL, the NFL's thirty-two professional member clubs), for any purpose whatsoever without the prior written consent of the Sponsor (in the case of the Sponsor) or applicable Named Partner(s) in each instance.

NON-EXCLUSIVE RIGHTS TO USE NAMES & ENTRY: BY PARTICIPATING IN THE COMPETITION, EACH PARTICIPANT HEREBY GRANTS THE SPONSORS THE UNLIMITED RIGHT THROUGHOUT THE WORLD TO USE, RECORD AND/OR DOCUMENT HIS, HER OR ITS (AS APPLICABLE) NAME, PHOTO, VOICE, STREAM, VIDEOTAPE (E.G., FROM THE PITCH-OFF), LIKENESS, STATEMENTS ATTRIBUTED TO PARTICIPANT, BIOGRAPHICAL, PROFESSIONAL AND OTHER RELATED INFORMATION IN CONNECTION WITH ANY INTERNAL OR EXTERNAL PROMOTIONAL ACTIVITIES OF THE SPONSORS (E.G., WITHOUT LIMITATION, ANNOUNCEMENTS OF FINALISTS OR WINNERS), WITHOUT COMPENSATION OF ANY KIND TO PARTICIPANT. Each Participant understands that these items may be broadcast, displayed, reproduced, stored, edited, exhibited, used and distributed by the Sponsor or the Named Partners over the Internet and/or any other communication medium now existing or hereafter created, for promotional, revenue-producing and/or any other purpose as the Sponsor or Named Partners determine in their sole and absolute discretion.

*Applicable only to the Data Science Theme:*

Each Participant submitting an entry to the Data Science Theme that becomes a Data Science Winner hereby grants and will grant to Sponsor, Named Partners, Kaggle and their respective designees a worldwide, non-exclusive, sub-licensable, transferable, fully paid-up, royalty-free, perpetual, irrevocable right to use, not use, reproduce, distribute, create derivative works of, publicly perform, publicly display, digitally perform, make, have made, sell, offer for sale and import their winning Data Science Submission and the source code used to generate the Data Science Submission, in any media now known or hereafter developed, for any purpose whatsoever, commercial or otherwise, without further approval by or payment to Participant; and represents that he/she/it has the unrestricted right to grant that license.
