

## **ON-SITE COVID-19 TESTING:**

The National Football League has partnered with Medea Testing Solutions (Medea) to provide its guests with COVID-19 rapid antigen testing with **\$0 out-of-pocket cost** to the guest (with health insurance or government program for uninsured), **subject to the conditions below.**

- **Guests must accurately complete Medea’s intake registration forms available at <https://medeatesting.com> prior to testing;**
- **If a guest has health insurance, they must bring their insurance card and government-issued ID to Medea’s mobile lab. If the guest is a minor accompanied by their parent/legal guardian and does not have photo ID, the parent/guardian’s government-issued ID will suffice if they confirm the minor’s identity.**
- **If a guest does not have insurance, they must bring some form of photo ID. If the patient is a minor accompanied by their parent/legal guardian and does not have photo ID, their parent/legal guardian’s ID will suffice if they confirm the minor’s identity.**
- **If a guest does not bring their insurance card or ID or does not wish to have a claim submitted to their insurance company or government program, they will have the option to pay Medea’s current cash/list price as stated at <https://medeatesting.com>.**

**Guests must wear a face mask in the testing area.**

Medea’s testing site is located at Gilbert Lindsey Plaza at 1201 Figueroa Dr, Los Angeles, CA 90015.

Results are provided to the guest electronically approximately 15 minutes after a test is taken. Only results for testing completed within 24 hours of entry into the Los Angeles Convention Center for the Super Bowl Experience presented by Lowe’s can be accepted for entry into the arena.

**REGISTRATION:** Guests are **strongly encouraged to register for their test in advance of their event through Medea’s website: <https://medeatesting.com>**. Medea’s lab opens 1 hour prior to the event start time and closes 1 after the event concludes. [Hours depend on the event]
